SKILLS

Python

Java

C

HTML5 / CSS3

JavaScript

React

Flask

Machine Learning

TensorFlow

OpenCV

MySQL

Git / GitHub

LANGUAGES

- English (Fluent)
- Kannada (Native)
- Hindi (Conversational)

SOFT SKILLS

- Problem Solving

- Teamwork
- Communication
- Time Management
- Self-Learning

Results-driven Information Science Engineering student at Presidency University, Bangalore (CGPA: 8.9/10) with expertise in Web Development and Machine Learning. Experienced in developing full-stack applications and implementing intelligent systems using modern frameworks and tools. Seeking a Software Engineer or ML Engineer role to design scalable systems and deliver high-impact solutions.	- Designed an AI system to analyze geospatial maps, recognize mineral distribution patterns, and predict geological resource locations. - Built end-to-end ML pipelines visualized via an interactive web dashboard. AgriGeo AI (GeoSmart-Agri) Precision Agriculture — 2025 Tech: HTML5, CSS3, JavaScript, Leaflet GIS, Bootstrap - Built a precision agriculture platform using satellite telemetry and geospatial maps to analyze soil health and suggest smart irrigation. - Presented at college and regional hackathons, receiving recognition for innovation. Interactive Code Compiler Web Development — 2025 Tech: Java, Spring Boot, HTML5, CSS3, JavaScript, REST APIs - Developed a glassmorphic coding dashboard enabling compile-and-run for Java, Python, and C directly in the browser. - Integrated secure backend execution and real-time output streaming. FocusLearn EdTech / Web App — 2025 Tech: HTML5, CSS3, JavaScript, PHP, MySQL - Created a full-stack student-productivity platform with daily planners, resource libraries, and progress tracking. - Implemented authentication, user dashboards, and a responsive mobile-first design. CERTIFICATIONS Machine Learning Specialization — DeepLearning.AI & Stanford University (Coursera) Geospatial Data Analysis with Python — Geospatial Association
on Science Engineering Presidency University, Bangalore CGPA: 8.9 / 10 Focused on Web Development, Machine Learning, OOPs, DBMS, and Data Structures. Actively building projects and participating in hackathons and university events. s 12 / PUC) — CBSE Sri Chaitanya PU College, Bangalore Score: 75% Class 10) — ICSE Gnana Jyoti School, Mulbagal Score: 82%	2024 – 2028 ACHIEVEMENTS - Won top accolades for AgriGeo AI (GeoSmart-Agri) at college and regional hackathons. - Active open-source contributor maintaining EduBridge and FocusLearn dashboards on GitHub. - Maintaining a CGPA of 8.9 / 10 at Presidency University. Completed 2024 Completed 2022
Tech: Python, Flask, Scikit-learn, GIS, Data Visualization	AI / Geospatial Analytics — 2025
